Care for Common Home Newsletter RNDM

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news story from France

In our parish of St. Peter Charenton le Pont, we began our celebration of the Season of Creation with the Eucharist. The Season is four weeks from September 1 to October 4. During this period, I'd say it was a time to renew our relationship with the earth and with each other. Most of us are grateful for what we have received, and at the same time sorry for what we have done to nature. There is hope for the future if we care for and protect our earth. Freedom is here today and tomorrow. It depends on how aware each of us is of what we do and how we act. I'd like to conclude by saying: "Everyone is responsible for what we do to our Mother Earth".

It's time for gratitude, it's time to appreciate
It's time to protect, it's time to respect,
It's time to care for our Mother Earth
It's time to see the beauty of God's creation .
It's time to think deeply and act seriously
It's time to listen carefully to the poor and needy.
It's time to start, and inspire
The world around us.

September is the month of creation
Everyone is doing something new.
Autumn is near,
Summer is coming,
Our lives are full of joy.
Never miss this celebration.

Our Mother Earth gives us air
Full of love and tenderness.
Creates in us a new life
Renews our hearts and minds.
Every time we connect with her
A joyful new day dawns.
The temperature is rising
In different parts of the world.
Our lives are in crisis
Now it's time to heal the world.

Fourty Mary

Pope Francis:

"It is impossible for peace to exist without dialogue. All the wars, all the strife, all the unsolved problems over which we clash are due to a lack of dialogue. When there is a problem, talk: this makes peace."
