Good news story from Balay Euphrasie, Davao, Philippines

Balay Euphrasie is situated near the river, behind Balay Yuta (Earth), where we have a small plot with a canal in between. During heavy rains, significant soil erosion occurs. It was advised to plant trees to help prevent soil erosion.

On February 8th, at 8:30 AM, the Marist Novices and our sisters of *Heart's Journey Through the Seasons* group, along with Fr. Patrick (Pat) Devlin SM and Sr. Margaret Maung planted some trees and Fr. Pat blessed the place and the trees.
