Care for Our Common Home

RNDM News

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news story from across the Congregation: Celebrating 10 years of Laudato Si'

The Murray River, Australia's longest and most important river is at devastating low water levels. Many of the farm dams are reduced to muddy puddles which makes it very difficult for the farmers. The primary producers. Climate change is having a huge impact on many places in Australia. More awareness of water conservation is needed.

In Bangladesh many efforts were made for celebrating Laudato Si'-10 years.

Cleaning rubbish.

Displays of LS principles.

Recycling plastic

Reminder from
UK & I as to
what each one
can do.

In a parish where RNDMS are working in Canada, the people are creating a Meditation Garden. A new green space is being developed beside the church for prayer, reflection, and healing. It will feature traditional Indigenous medicinal plants like sweet grass, cedar, and sage. This project reflects our belief in caring for creation as a gift from God and a commitment to reconciliation with Indigenous peoples.

This sacred space will be a lasting symbol of our unity, hope, and shared journey of faith, healing, and environmental responsibility.

Sisters in INC took time to reflect and pray about Our Earth and what we can do to show our love and care for her.
