Care for Our Common Home

RNDM News

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news story from Canada

Along the trail, we paused at five stations of the Cosmic Walk, each inviting us to connect deeply with God's creation:

The Sun Story - celebrating the light and warmth that give life.
The Water Story - reflecting on cleansing, renewal, and flow.
The Earth Story - grounding ourselves in gratitude for the land that sustains us.
The Plants and Birds - recognizing beauty, growth, and the song of life.
Human Friendship and Beauty - honoring our relationships and the divine presence within each person.

Throughout the journey, the five young participants shared thoughtful and practical questions about growth, their gifts, and their call in life. It was inspiring to witness their openness and curiosity. Truly, the seeds of faith were planted that day—seeds that will, we pray, continue to grow and nourish their journey of discernment and vocation.

We conclude with the words of Pope Francis:
“Take care of your spiritual life,
your relationship with God,
because this is the backbone of everything we do
and everything we are.”

Care for the Spirit and the Earth

In October 11, 2025, four of us RNDM Sisters were delighted to accompany five young girls on a spiritual hiking day at the Provincial Park by the Assiniboine River. The theme for our reflection, prayer, and conversation was *Creation: The Cosmic Walk – The Universe Story and Our Journey*.
